PROCEEDINGS OF SPIE

Photonics Applications in Astronomy, Communications, Industry, and High Energy Physics Experiments 2020

Ryszard S. Romaniuk
Maciej Linczuk
Editors

31 August – 6 September 2020
Wilga, Poland

Organized by
Institute of Electronic Systems, Faculty of Electronics and Information Technologies, Warsaw University of Technology (Poland)

Sponsored by
PSP—Photonics Society of Poland • Committee of Electronics and Telecommunications of Polish Academy of Sciences • ARIES—Accelerator Research and Innovation for European Science and Society (CERN, EU H2020) • PKOpto—Polish Committee of Optoelectronics of SEP, The Association of Polish Electrical Engineers• EuroFusion Poland

The papers in this volume were part of the technical conference cited on the cover and title page. Papers were selected and subject to review by the editors and conference program committee. Some conference presentations may not be available for publication. Additional papers and presentation recordings may be available online in the SPIE Digital Library at SPIEDigitalLibrary.org.

The papers reflect the work and thoughts of the authors and are published herein as submitted. The publisher is not responsible for the validity of the information or for any outcomes resulting from reliance thereon.

Paper Numbering: *Proceedings of SPIE* follow an e-First publication model. A unique citation identifier (CID) number is assigned to each article at the time of publication. Utilization of CIDs allows articles to be fully citable as soon as they are published online, and connects the same identifier to all online and print versions of the publication. SPIE uses a seven-digit CID article numbering system structured as follows:

- The first five digits correspond to the SPIE volume number.
- The last two digits indicate publication order within the volume using a Base 36 numbering system employing both numerals and letters. These two-number sets start with 00, 01, 02, 03, 04, 05, 06, 07, 08, 09, 0A, 0B … 0Z, followed by 10-1Z, 20-2Z, etc. The CID Number appears on each page of the manuscript.
